

NS-01 NIGHT STAND AND CALL SWITCH

The NS-01 comes with a 10' cord that plugs into a standard RJ-11 wall jack. The cord may be extended with any standard 4 conductor telephone extension cord. The red LED call assurance light, just above the switch, illuminates when the switch is activated. The portability of the NS-01 makes it a good choice for bedrooms and living rooms because it allows for any arrangement of furniture without compromising access to the call switch.

NS-01 Specifications:

Size: 4" W x 2"H x 3"D
Plug: RJ11
